My dear Professor Holmes;-

I fear that I cannot help much in the decision as to the proper spelling of the Yallo Bally etc. Mts in Cal. The name is I am quite sure, Pomo, and Kroeber has all the material on that. I have sent him the letter, and asked him to reply. It may possibly be Wintun, but a preliminary search fails to show any trace of the word.

Sincerely yours

Roland B. Dixon.

Dear Mr. Sloane-
